# Unit Trust Visa Electron International Debit Card

*It's a convenient way to pay!*

Need easier access to your Money Market Fund account anywhere in the world? UTC offers you a more convenient way to pay at merchants both local and internationally with our VISA Electron Debit Card. With this card, you feel at ease without the routine of ordering repurchase cheques or the insecurity of carrying cash.

## It's welcome!

Your Visa Electron card is accepted by merchants all over the world. You can use your card to pay for virtually anything – dining in a restaurant, shopping, hotels, everyday expenses, wherever you see the VISA symbol.

## It's easy to use!

Your Visa Electron card is easy to use. All you have to do is swipe the card at the payment counter and either enter your personal identification number (PIN) or sign the receipt. Every month you will receive a Money Market Fund statement providing the details of your transactions.

## It's secure!

Your Visa Electron card is safer to carry than cash or travellers' cheques. If your card is lost or stolen and you notify us promptly, we will stop your card to prevent any unauthorized use.
