

CHAIRMAN'S REPORT

Dear Valued Unitholders,

The Calypso Macro Index Fund (the "Fund") recorded Total Comprehensive Income of \$41 million for the three months ended 31 March 2021 compared to a Total Comprehensive Loss of \$121 million for the comparative period ended 31 March 2020.

These improved results were buoyed by favourable fair value movements in Energy ETFs and TT equities, reinforced by improved market sentiment. This performance reflects the original philosophy and intent of the Fund, whose performance index is a proxy for Trinidad and Tobago's economic activity, inclusive of the Energy Sector.

The Fund maintained its track record of continuously paying distributions to its investors. Whilst international and local stock markets have rebounded, payouts from investee holdings have decreased as several companies sought to preserve their capital owing to COVID-19-related uncertainty. Consequently, and as at 31 March 2021, the Fund paid a dividend of \$0.21 compared to \$0.25 for the quarter ended 31 March 2020.

Finally, and as indicated in earlier reports, the Fund continues to be invested in high-quality issuers, providing a basis for continued optimism in the long-term prospects of the underlying businesses, industries and the Fund.

Professor Gerry C. Brooks
Chairman
