### UTC Announces 2024 S.E.A. Scholarship Cycle

It's A Big Day  
For your child, for you, and for us.

The announcement of the Secondary Entrance Assessment (S.E.A.) results is an important event in your child's life. It heralds their transition from primary education to "big school".

For us, it is another opportunity to transform lives.

Since 1986, the UTC has assisted brilliant youths with financial challenges to achieve their potential through our **UTC S.E.A. Scholarship Programme, distributing over \$15 million to over 500 students.** Besides the financial support it provides, this programme offers mentorship to help equip youths with life skills. For the many UTC team members actively involved in the programme, nurturing and guiding these young people is an honour, passion and an inspiration.

It's not just our UTC Scholars. We are always thinking about the potential of every child. That's why we created the **Children's Investment Starter Plan (CISP)** specially designed to give your child's future a head start. CISP offers a benefit where UTC matches the first \$100 invested in each CISP account. Anyone can invest in a child's future with CISP – parents, relatives or friends. Now is a good time to start.

From June 29 to August 30, 2024, students receiving their 2024 S.E.A. results can receive an extra benefit of TTD200 towards a new CISP account. Simply visit [www.ttutc.com](http://www.ttutc.com) or any convenient UTC location to start your investment.

We believe in empowering communities by offering people opportunities to succeed. UTC continues to transform lives through the S.E.A. Scholarship Programme, now in its 28th year, the CISP, our financial education programmes, and our financial advisory services.

With the launch of the 2024 S.E.A. Scholarship Cycle, Nigel Edwards, Executive Director of the UTC emphasised the organisation's commitment to investing in young people. "We understand the importance of continuing to invest in our future and creating a culture of investment among young people. This project is close to my heart and means a lot to the senior leadership team and going forward, we will continue to invest in each new generation".

Starting today, there are two things you can do to help create a bright future:

- ◆ **Nominate a worthy student for an S.E.A. Scholarship.**
- ◆ **Sign up an S.E.A. child in your life for a CISP account.**

Visit [www.ttutc.com](http://www.ttutc.com) or come into any one of our convenient locations.
