OUR FUTURE

INNOVATION

The lifeblood of our progress, fueling our ability to adapt, anticipate, and lead. We leverage technology to enhance services, streamline operations, and expand our reach, ensuring financial empowerment is accessible to everyone, everywhere.

SUSTAINABILITY

Our resolve to act responsibly for future generations. We recognize that our actions today shape the world of tomorrow. In 2024, we strengthened our focus on corporate governance, risk management, and social responsibility, ensuring our growth is both responsible and impactful.

TRANSFORMATION

Our promise to evolve with a changing world. We are driven by a relentless pursuit of excellence, streamlining our processes, empowering our people, and enhancing the customer experience to redefine what's possible.

Innovation. Sustainability. Transformation.

The Unit Trust Corporation (UTC) is more than just a financial institution; it's a catalyst for progress, a story of innovation woven into the fabric of Trinidad and Tobago's financial history. Born from the spirit of innovation as the nation's first mutual fund company, UTC pioneered a new way for citizens to build wealth. From our first fund and single investment center, we've grown into a network of 9 investment centers and are managing the region's largest mutual fund portfolio, a testament to our commitment to expanding access to financial opportunities. Today, we offer a suite of funds designed to benefit everyone, from birth to retirement, empowering individuals and families to achieve their financial goals at every stage of life.

Driven by the trust and loyalty of our valued unitholders, we have continually evolved to meet the ever-changing needs of investors, empowering them to shape not only their financial futures but also the economic landscape of our nation. At the heart of this empowerment lies the concept of the 'UTC Unit' – representing an individual's stake in collective growth, a powerful tool for building generational wealth and securing a prosperous future for all. The UTC Unit elevates us, it sustains us, and it has transformed many lives.

CHIEF FINANCIAL OFFICER'S REPORT

KERRI MAHARAJ

Dear Fellow Unitholders,

The 2024 performance of the three segregated portfolios (hereafter the “Fund” or “Funds”) improved year-over-year, as the Funds’ Exchange-Traded Fund (ETF) portfolio recorded an overall strong performance. The Funds’ investment strategy and performance is further explained in the Chief Investment Officer’s report.

The amounts quoted below are in thousands of USD except for net asset values which are quoted in absolute values.

UTC GLOBAL INVESTOR SELECT ETF FUND SEGREGATED PORTFOLIO – CONSERVATIVE

The Fund’s Total assets increased by 2% from \$1,029 to \$1,045, driven mainly from favourable fair value movements on its investment portfolio. Cash and cash equivalents decreased by \$44 when compared to 2023, in keeping with the Fund’s portfolio rebalancing objective.

Total Comprehensive Income improved from a loss of \$24 in 2023 to a profit of \$15 in 2024 mainly due to:

- Favourable movements in Net change in fair value of financial assets at fair value through profit or loss of \$31 in 2024 compared to unfavourable movements of \$12 in 2023
- An increase in Dividend income from \$29 in 2023 to \$34 in 2024, due to portfolio rebalancing.

An increase in Total operating expenses and Withholding tax from \$41 to \$50.

The Fund’s net asset value (NAV) as at 31 December 2024 was \$20.02, an improvement of \$0.30 or 1.5% compared to \$19.72 as at 31 December 2023 due to the cumulative net favourable impact of the points outlined above.

UNIT TRUST
CORPORATION

“

Investors are encouraged to maintain a long-term outlook for their investment decisions.

KERRI MAHARAJ

UTC GLOBAL INVESTOR SELECT ETF FUND SEGREGATED PORTFOLIO – MODERATE

The Fund's Total assets fell by 5% from \$1,557 to \$1,486, driven mainly by the net disposal of investments. Cash and cash equivalents increased by \$26 when compared to 2023, in keeping with the Fund's portfolio rebalancing objective.

Total Comprehensive Income improved from a loss of \$31 in 2023 to a profit of \$47 in 2024 mainly due to:

- Favourable movements in Net change in fair value of financial assets at fair value through profit or loss of \$59 in 2024 compared to unfavourable movements of \$23 in 2023.
- An increase in Dividend income from \$41 to \$45 due to portfolio rebalancing.
- An increase in Total operating expenses and Withholding tax from \$49 to \$57.

The Fund's NAV as at 31 December 2024 was \$21.44, an improvement of \$0.61 or 2.9% compared to \$20.83 as at 31 December 2023 due to the cumulative favourable impact of the points outlined above.

UTC GLOBAL INVESTOR SELECT ETF FUND SEGREGATED PORTFOLIO – AGGRESSIVE

The Fund's Total assets increased by \$2 from \$1,189 to \$1,191, driven mainly from favourable fair value movements on its investment portfolio. Cash and cash equivalents decreased by \$44 when compared to 2023 mainly due to net redemptions by unitholders.

Total Comprehensive Income improved from a loss of \$30 in 2023 to a profit of \$35 in 2024 mainly due to:

- Favourable movements in Net change in fair value of financial assets at fair value through profit or loss of \$54 in 2024 compared to unfavourable movements of \$17 in 2023.
- An increase in Total operating expenses and Withholding tax from \$46 to \$52.

The Fund's NAV as at 31 December 2024 was \$21.04, an improvement of \$0.62 or 3.0% compared to \$20.42 as at 31 December 2023 due to the cumulative net favourable impact of the points outlined above.

THE FUTURE

The Funds have operated according to their respective investment mandates, with their 2024 results reflecting the short-term market performance of the securities held. Investors are encouraged to maintain a long-term outlook for their investment decisions.

CHIEF INVESTMENT OFFICER'S REPORT

CRYSTAL RODRIGUEZ-GREAVES

Dear Fellow Unitholders,

The Global Investor Select ETF Funds are passively managed mutual funds that aim to strike a balance between fostering long-term growth and managing risk. Through a strategic asset allocation combined with a tactical momentum approach—specifically utilizing a trend-following system—the Funds employ a rules-driven method to navigate periods of market volatility.

This report is designed to give our valued stakeholders, investors, and partners a clear and insightful look at the Funds' performance in 2024. Our goal is to highlight the key factors shaping market trends and demonstrate the results the tactical momentum approach achieved.

ECONOMIC AND CAPITAL MARKET REVIEW 2024

GLOBAL

Steady Albeit Muted Global Growth

Global economic growth marginally dipped to 3.2% in 2024, down from a revised 3.3% in 2023. This outturn was primarily driven by a minor decrease in growth in emerging market economies, while growth in advanced economies remained subdued. According to the International Monetary Fund (IMF), the growth rate for emerging market economies in 2024 was 4.2%, down from 4.4% in 2023. In contrast, economic growth in advanced economies held steady at 1.7% in 2024, unchanged from the previous year.

Resilience of the U.S. economy

The U.S. economy delivered stronger-than-expected real GDP growth of 2.8% in 2024, albeit marginally lower than the 2.9% growth in 2023. This was achieved against the backdrop of falling, though still above-target inflation, favourable labour market conditions, and improved consumer and investor sentiment. As a result, the recession fears that loomed over financial markets for much of 2023 and early 2024 significantly receded, and the economy appeared well-poised for a soft landing. In order to bolster the labour market, the U.S. Federal Reserve implemented a 50-basis point reduction in interest rates in September, followed by 25-basis point rate cuts in November and December, totalling 100 basis points for the year. The labour market remained resilient with solid payroll growth, historically low unemployment, and rising wages.

U.S. Equities and Bond Yields Rally

After Donald Trump's election victory on November 5th, 2024, U.S. markets responded positively, with all three major equity indices reaching record highs. Investor sentiment was driven by optimism about the incoming Trump administration's economic policies, such as proposed corporate tax cuts and deregulation. Despite a minor pullback in December due to investor profit-taking and concerns over the Fed's downward revision of projected rate cuts for 2025, the year 2024 was another strong one for U.S. equities. The S&P 500, NASDAQ, and DJIA composite indices posted gains of 23.31%, 28.64%, and 12.88%, respectively. Notably, much of the gains for the S&P 500 and NASDAQ Composite Indices were driven by a group of predominantly mega-cap technology companies, known as the "Magnificent Seven." From a sector standpoint, ten of the eleven S&P 500 sectors posted positive returns in 2024. On a global scale, U.S. equities continued to outperform other major indices. The benchmark S&P 500 Index outpaced the MSCI World Index, STOXX Europe 600 Index, Japan's Nikkei 225 Index, and China's Shanghai Composite Index, which gained 17.0%, 8.8%, 19.2%, and 12.7%, respectively.

On the fixed income side, bonds in 2024 traded at their highest yields in a decade, offering attractive income-driven returns. The U.S. 10-year Treasury yield, in particular, rose by 69 basis points in 2024, increasing from 3.88% at the start of the year to 4.57% by the end of the year. However, elevated yields depressed fixed-income portfolio valuations, ultimately weighing on overall returns for this asset class, which were lower than in 2023.

Slowdown of the Real Estate market

Prolonged high interest rates, particularly in the U.S., continued to negatively impact the performance of the real estate sector. In 2024, the MSCI World Real Estate Index had a price return of -0.6%, down from the 6.8% gain in 2023. The sector experienced similar fortunes in the U.S., with the S&P 500 Real Estate Sub-Index posting a 1.7% return in 2024, down from an 8.3% return in 2023. Additionally, due to the ongoing rise in mortgage rates, inventory shortages, and persistent real estate prices, total existing home sales in the U.S. dropped to an annual volume of 4.06 million in 2024, the lowest level since 1995. Despite 100 basis points of rate cuts in the U.S. in 2024, yields have only decreased at the ultra-short end of the yield curve, while rising at longer tenors. As a result, mortgage interest rates continued to climb in 2024, with the average 30-year mortgage rate reaching 7.28% by the end of the year, up from 6.99% at the close of 2023.

FUND PERFORMANCE REVIEW

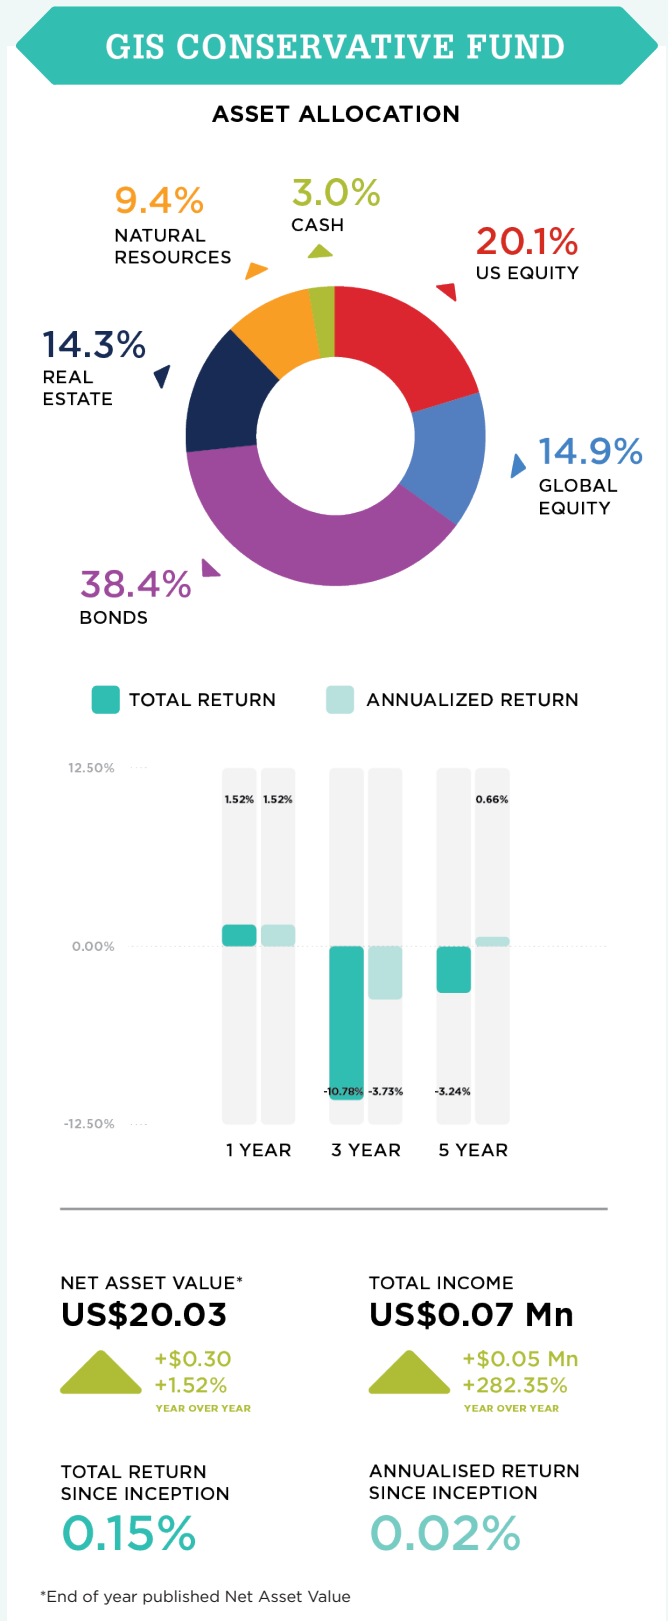

How did the Global Investor Select ETF Funds perform?

The three (3) Funds under review are:

- 1. Global Investor Select ETF Fund: Aggressive**
- 2. Global Investor Select ETF Fund: Moderate**
- 3. Global Investor Select ETF Fund: Conservative**

For the year ending December 31, 2024, the three GIS Select ETF Funds delivered the following net returns to unitholders: Conservative Fund: 1.5%, Moderate Fund: 3.0%, and Aggressive Fund: 3.0%. The aggregate fund size of the three funds marginally decreased by 1.6%, from US\$3.75 million in 2023 to US\$3.69 million in 2024 however all three funds recorded significant increases in total income.

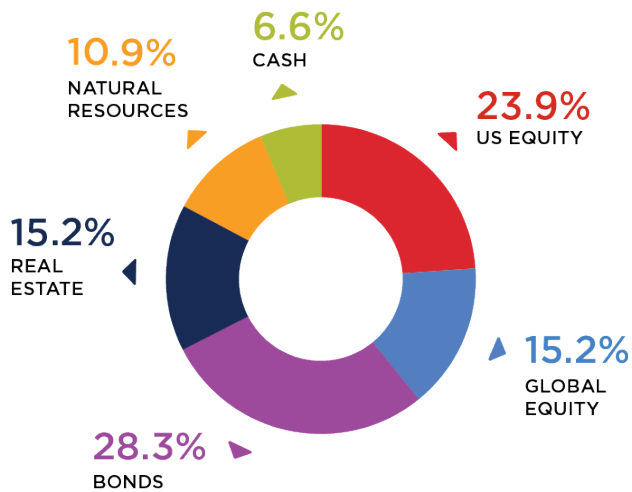

The portfolios remain diversified, with investments spread across U.S. equities, global equities, fixed income, real estate, and natural resources. As noted earlier, global equity markets, especially in the U.S., had another exceptional year in 2024, with the S&P 500 Index posting gains exceeding 20.0%. As a result, the overall asset allocation across the three funds remained largely unchanged, maintaining higher allocations to risk assets such as equities and real estate. The Conservative Fund holds the largest proportion of fixed-income assets and the smallest share of risk assets, while the Aggressive Fund is positioned at the opposite end of the spectrum. This structure reflects the "risk-on" sentiment that characterized both U.S. and global financial markets in 2024. A more detailed look at the funds asset allocation by the end of 2024 can be seen below:

MACROECONOMIC OUTLOOK FOR 2025

Global

The IMF's January 2025 World Economic Outlook projects global growth at 3.3% for both 2025 and 2026. Growth in emerging market and developing economies is expected to remain flat at 4.2%, while advanced economies will see modest growth of 0.2% to 1.9%. The IMF also notes that despite the global decline in inflation, growing risks—such as geopolitical conflicts, tight monetary policies, financial market volatility, sovereign debt issues, slower growth in China, and increasing protectionism—are overshadowing the economic outlook and could hinder future growth.

U.S.

Despite a rise in equity market volatility and waning consumer and business confidence in the first quarter of 2025, there is no clear evidence at the time of this report of an imminent U.S. recession. While risks to growth persist, particularly from trade tensions and tariffs, these factors are expected to weigh on growth rather than trigger a recession. As a result, growth is expected to remain positive overall in 2025, though at a more moderate pace compared to last year, with the IMF projecting a growth rate of 2.7%. The primary concern remains the impact of increased trade barriers and protectionism on economic momentum. Additionally, despite a recent uptick in probability, the chance of a U.S. recession remains relatively low at 30% at the end of March according to Bloomberg. Inflation has continued on a downward trajectory, though it remains outside of the Fed's preferred target range. Based on this trend, market analysts and Fed officials anticipate at least two rate cuts in 2025. The stability of the labour market should also help reduce the risk of a significant decline in consumer spending.

CONCLUSION

In 2024, despite a landscape full of both challenges and opportunities, the Funds' trend-following tactical momentum approach generated positive returns with the portfolio allocations and risk management processes remaining closely aligned with our long-term objectives.

With our disciplined, rules-based strategies, looking ahead, we are confident in our ability to navigate future market shifts, aiming to deliver consistent, robust performance while effectively managing volatility.

Statement of Management's Responsibilities

Management is responsible for the following:

- Preparing and fairly presenting the accompanying financial statements of UTC Global Select ETF Fund Segregated Portfolio - Conservative, UTC Global Investor Select ETF Fund Segregated Portfolio - Moderate and UTC Global Investor Select ETF Fund Segregated Portfolio -Aggressive (each a segregated portfolio of UTC (Cayman) SPC Ltd.) (each a "Segregated Portfolio") which comprise the statement of financial position as at 31 December 2024, the statements of comprehensive income, changes in equity and cash flows for the year then ended, and a summary of material accounting policies and other explanatory information;
- Ensuring that each Segregated Portfolio keeps proper accounting records;
- Selecting appropriate accounting policies and applying them in a consistent manner;
- Implementing, monitoring and evaluating the system of internal control that assures security of each Segregated Portfolio's assets, detection/prevention of fraud, and the achievement of each Segregated Portfolio operational efficiencies;
- Ensuring that the system of internal control operated effectively during the reporting period;
- Producing reliable financial reporting that comply with laws and regulations, including the Companies Act; and
- Using reasonable and prudent judgement in the determination of estimates.

In preparing these audited financial statements, management utilised the IFRS Accounting Standards, as issued by the International Accounting Standards Board and adopted by the Institute of Chartered Accountants of Trinidad and Tobago. Where IFRS Accounting Standards presented alternative accounting treatments, management chose those considered most appropriate in the circumstances.

Nothing has come to the attention of management to indicate that each Segregated Portfolio will not remain a going concern for the next twelve months from the reporting date; or up to the date the accompanying financial statements have been authorized for issue, if later.

Management affirms that it has carried out its responsibilities as outlined above.

Director – Gary Oakley
28 March 2025

Director – Nigel Edwards
28 March 2025

Independent auditor's report

To the Board of Directors of UTC (Cayman) SPC Ltd.

Our opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of each of UTC Global Investor Select ETF Fund Segregated Portfolio – Moderate, UTC Global Investor Select ETF Fund Segregated Portfolio – Aggressive and UTC Global Investor Select ETF Fund Segregated Portfolio – Conservative (each a segregated portfolio of UTC (Cayman) SPC Ltd.) (each the Segregated Portfolio) as at 31 December 2024, and each of their financial performance and each of their cash flows for the year then ended in accordance with IFRS Accounting Standards.

What we have audited

Each Segregated Portfolio's financial statements comprise:

- the statement of financial position as at 31 December 2024;
- the statement of comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Segregated Portfolio in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Other information

Management is responsible for the other information. The other information comprises the Annual Report (but does not include the financial statements and our auditor's report thereon).

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent auditor's report (continued)

To the Board of Directors of UTC (Cayman) SPC Ltd.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Segregated Portfolio's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Segregated Portfolio or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Segregated Portfolio's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists

(3)

Independent auditor's report (continued)

To the Board of Directors of UTC (Cayman) SPC Ltd.

related to events or conditions that may cast significant doubt on the Segregated Portfolio's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Segregated Portfolio to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other matter

This report, including the opinion, has been prepared for and only for UTC (Cayman) SPC Ltd. in accordance with the terms of our engagement letter and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Notes to the Financial Statements
31 December 2024

(Expressed in United States dollars)

1 General information

UTC (Cayman) SPC Ltd. (the “Company”) was incorporated on 4 September 2015 as an exempted segregated portfolio company, with limited liability, under the provisions of the Companies Act (Revised) of the Cayman Islands. Its registered office is situated at Campbells Corporate Services Limited, 4th Floor, Willow House, Cricket Square, P. O. Box 268, Grand Cayman KY1-1103, Cayman Islands.

The Company is a wholly owned subsidiary of the Trinidad and Tobago Unit Trust Corporation (the “Corporation”), an entity established by the Unit Trust Corporation of Trinidad and Tobago Act, Chapter 83:03 of the Laws of the Republic of Trinidad and Tobago. The Corporation manages the investments and trading activity of the Company, under an Investor Advisory Agreement and is also the Sponsor, Administrator and Investment Advisor. The Corporation’s registered office is UTC Financial Centre, 82 Independence Square, Port of Spain, Trinidad and Tobago.

The Company was licensed on 1 October 2015 as a mutual fund under Section 4(1)(a) of The Mutual Funds Law (2015 Revision) of the Cayman Islands by the Cayman Islands Monetary Authority. The Company operates as three (3) open-ended mutual funds regulated by the Cayman Islands Monetary Authority and the Trinidad and Tobago Securities and Exchange Commission, namely:

- UTC Global Investor Select ETF Fund Segregated Portfolio – Conservative
- UTC Global Investor Select ETF Fund Segregated Portfolio – Moderate
- UTC Global Investor Select ETF Fund Segregated Portfolio – Aggressive

Authorised share capital

UTC (Cayman) SPC Ltd is authorised to issue two classes of shares – management shares and segregated portfolio shares. The management shares are voting, non-participating, non-redeemable shares. The segregated portfolio shares, referred to as participating shares hereafter, are redeemable, non-transferrable shares with limited voting rights and no pre-emptive rights or rights of conversion or exchange. Voting rights of participating shares are limited to meetings held to determine the variation or abrogation of the rights attaching to participating shares.

The authorised share capital of the Company is US\$50,000 divided into 100 management shares of US\$1 nominal value each and 499,000,000 participating shares of \$0.0001 nominal value each designated on issue as either:

- a Global Investor Select ETF Fund SP – Conservative share
- a Global Investor Select ETF Fund SP – Moderate share
- a Global Investor Select ETF Fund SP – Aggressive share

On 4 September 2015, 100 fully paid up management shares were allotted and issued at par to the Trinidad and Tobago Unit Trust Corporation which remained the legal and beneficial owner of the 100 management shares at 31 December 2024.

(Expressed in United States dollars)

1 General information (continued)

Participating shares

Participating shares are redeemable at the holder's option at prices based on the net asset value (NAV) per share of the respective segregated portfolio. Each segregated portfolio's NAV per share is calculated by dividing the net assets attributable to participating shareholders of the segregated portfolio by the total number of participating shares outstanding. In accordance with the provisions of each segregated portfolio's Offering Memorandum, securities are valued based on the last traded market price for the security.

Redemptions take place on redemption days and may be subject to a Redemption Fee. A redemption day is generally any day that banks are authorised to open for business in Trinidad and Tobago and New York City. Participating shares are carried at the redemption amount that is payable by the segregated portfolio at the reporting date if a holder exercises the right to put the share back to the respective segregated portfolio.

Initial pricing

The Initial Offer Price for participating shares in each segregated portfolio was set at \$20.00 per share. The Initial Offer Price applied for the Initial Offer Period – 26 November 2018.

Subsequent pricing

Subsequent to the Initial Offer Period, subscriptions and redemptions took place on a forward-pricing basis. On any day on which there are subscriptions or redemptions, the Investment Advisor arranges for the NAV per participating share to be determined in accordance with the Offering Memorandum of each segregated portfolio. In particular, the NAV of each segregated portfolio is determined at the valuation time. The normal valuation time is approximately two (2) hours after the close of business of the Stock Exchanges in New York on any business day.

All subscription orders received before the close of the US Stock Markets and all redemption orders received before 12 noon Atlantic Standard Time, are processed at the NAV per participating share, determined at the valuation time for that day.

Approval of the financial statements

These financial statements were authorised for issue by the Board of Directors on 11 February 2025.

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

2 Summary of material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

a. *Basis of preparation*

The financial statements have been prepared in accordance with IFRS Accounting Standards (IFRS). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss. The methods used to measure the fair value of the segregated portfolios' financial assets are provided in Note 2 e. (iii).

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise its judgement in the process of applying the accounting policies. There were no areas involving a high degree of judgement, or assumptions and estimates that were significant to the financial statements.

b. *Standards and amendments to existing standards effective 1 January 2024*

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 January 2024 that have a material effect on the financial statements of the segregated portfolios.

c. *New standards, amendments and interpretations effective after 1 January 2024 and have not been early adopted*

A number of new standards, amendments to standards and interpretations that are issued but not yet effective, up to date of issuance of the Fund's Financial Statements, have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the segregated portfolios.

d. *Functional and presentation currency*

The segregated portfolios' primary activities are conducted in United States Dollars including receipts for subscriptions and redemption of participating shares. The performance of the Fund is measured and reported to the investors in United States Dollars.

Accordingly, the Board of Directors considers the United States Dollar as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions and has designated the United States Dollar as the segregated portfolios' functional and presentation currency.

2 Summary of material accounting policies (continued)

e. Financial assets at fair value through profit or loss

(i) Classification

Assets

The segregated portfolios classify its investments based on both the segregated portfolios' business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The investment assets of the segregated portfolios are held in portfolios which are managed and performance is evaluated on a fair value basis. The segregated portfolios are primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The segregated portfolios have not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The receipt of contractual cash flows and the purchase and sale of the financial assets in the portfolios, are incidental to the objectives of the investment portfolios. Accordingly, the investment assets in the segregated portfolios have been classified and measured at fair value through profit or loss – mandatory.

(ii) Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date – the date on which the segregated portfolios commit to purchase or sell the investment.

The Fund has designated all investments that are held for trading as FVPL on initial application of IFRS 9.

Financial assets at fair value through profit or loss are those that are mandatorily required to be measured at fair value under IFRS 9. Management only designates an instrument at FVPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis:

- i. The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis.
- ii. The liabilities are part of a group of financial liabilities, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.

Financial assets at fair value through profit or loss are recorded in the Statement of Financial Position at fair value at the end of each reporting period. Changes in fair value are recorded in the Statement of Comprehensive Income.

UTC (Cayman) SPC Ltd.
Segregated Portfolios

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

2 Summary of material accounting policies (continued)

e. *Financial assets at fair value through profit or loss*

(ii) *Recognition, derecognition and measurement (continued)*

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income within net changes in fair value of financial assets at fair value through profit or loss in the period in which they arise.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the segregated portfolios have transferred substantially all risks and rewards of ownership.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income within dividend income when the segregated portfolios right to receive payments is established.

(iii) *Fair value estimation*

Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the segregated portfolios' ETFs – which are all traded in active markets – is equal to the quoted market prices for identical assets at the close of trading on the reporting date (or the last trading day before the reporting date) where the closing price is within the bid-ask spread which is most representative of fair value.

In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

A significant movement in fair value is any movement that materially affects the integrity of the closing price for an ETF where the movement occurs after the close of the market - but before completion of the daily computation of the segregated portfolio's NAV. The segregated portfolios are valued after the daily close of the Stock Exchanges in New York.

The segregated portfolios use a fair value hierarchy to rank the fair value of their financial assets. The fair value of a financial asset is categorised into one of three levels based on the degree to which the fair value inputs are observable. The three levels are:

Level 1 which represents valuations based on unadjusted quoted prices for identical assets in active markets that the segregated portfolios can access.

Level 2 which represents valuations based on inputs that are other than quoted prices included within Level 1 that are observable for the financial asset either directly or indirectly.

(16)

UTC Global Investor Select ETF Fund Segregated Portfolio – Moderate
UTC Global Investor Select ETF Fund Segregated Portfolio – Aggressive

UTC (Cayman) SPC Ltd.
Segregated Portfolios

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

2 Summary of material accounting policies (continued)

e. *Financial assets at fair value through profit or loss*

(iii) *Fair value estimation (continued)*

Level 3 which represents valuations based on inputs that are unobservable for the financial asset.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety, is determined on the basis of the lowest level input that is significant in the valuation of the financial asset.

The determination of what constitutes an observable input requires judgement. The segregated portfolios consider observable data to be market data that is readily available, regularly distributed or updated and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

(iv) *Transfers between levels of the fair value hierarchy*

Transfers between levels of the fair value hierarchy are deemed to occur at the beginning of the reporting period.

f. *Offsetting financial instruments*

Financial assets and liabilities are offset, and the net amount reported in the statement of financial position, when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. There were no financial instruments subject to offsetting arrangements at the reporting date.

g. *Receivables from shareholder*

Receivables represents amounts due from the shareholder in respect of subscriptions. These amounts are recognised initially at fair value and subsequently remeasured at amortised cost. At each reporting period the segregated portfolios shall measure the loss allowance on amounts due from the Shareholder at an amount equal to the *lifetime expected credit losses* if the credit risk has increased significantly since initial recognition. If at the reporting date, the credit risk has not increased significantly since initial recognition, the segregated portfolios shall measure the loss allowance at an amount equal to 12-month expected credit losses.

Significant financial difficulties of the shareholder, probability that the shareholder will enter bankruptcy or financial re-organisation, and default in payments are considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment that is more than 90 days past due is considered credit impaired.

h. *Cash and cash equivalents*

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term investments in active markets with original maturities of three months or less.

UTC (Cayman) SPC Ltd.
Segregated Portfolios

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

2 Summary of material accounting policies (continued)

i. *Dividend income*

The segregated portfolios invest exclusively in ETFs and cash and cash equivalents.

Dividend income is recognised when the right to receive the dividend is established.

j. *Transaction costs*

Transaction costs are costs incurred to acquire financial assets. They include fees and commissions paid to agents, advisers, brokers and dealers. Transaction costs, when incurred, are included in the cost of the financial asset on initial recognition.

k. *Taxation*

There is, at present, no direct taxation in the Cayman Islands. The Company is also the holder of tax concessions whereby, for a period of twenty years ending on 12 October 2035, the Government of the Cayman Islands undertakes that with respect to the Company: no law imposing any tax to be levied on profits, income gains or appreciation shall apply to the Company or its operations; and no tax will be levied on profits, gains or appreciations nor will tax (which is the nature of estate duty or inheritance) be payable in respect of any of the shares, debentures or other obligations of the Company, nor will tax be withheld in whole or in part in respect of any relevant payment as defined in Section 6(3) of the Tax Concessions Law (2011 Revision).

By virtue of the tax concession the interest, dividends and gains payable by the segregated portfolios are free of any Cayman Island taxes for the next thirteen years.

The segregated portfolios are required however to pay the applicable withholding tax on dividends, interest and other income received from other tax jurisdictions.

Any income distribution paid by the segregated portfolios to residents of other tax jurisdictions will be subject to the tax laws of their jurisdiction of residence.

The segregated portfolios are also required to withhold and remit taxes to the authorities of certain jurisdictions based on distributions made to their citizens.

3 Financial risks

a. *Financial risk factors*

The segregated portfolios' activities expose it to a variety of financial risks: market risk (including price risk), liquidity risk and credit risk.

The segregated portfolios are also exposed to operational risks such as custody risk. Custody risk is the risk of loss of securities held in custody occasioned by the insolvency or negligence of the custodian. Although an appropriate legal framework is in place that eliminates the risk of loss of value of the securities held by the custodian, in the event of its failure, the ability of the segregated portfolios to transfer securities might be temporarily impaired.

Segregated Portfolios

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

3 Financial risks (continued)

a. *Financial risk factors (continued)*

The overall risk management program of the segregated portfolios seeks to:

- maximise the returns derived for the level of risk to which the segregated portfolios are exposed; and minimize potential adverse effects on segregated portfolios' financial performance.

The management of these risks is carried out by the Investment Advisor applying policies, rules and principles approved by the Board of Directors including:

- the construction of a diversified portfolio of non-correlated assets that collectively have a lower risk than any individual holding.
- the use of an optimisation process that identifies the best percentage allocation to the different asset classes of each segregated portfolio so as to increase the probability of achieving the expected risk and return targets.
- the restriction of investments to either ETFs (with no derivative exposure) or cash and cash equivalents.
- The restriction of the maximum exposure of the segregated portfolios to any one ETF to 10% of the segregated portfolios' assets.
- A restriction on the voting securities held by a segregated portfolio in any one issuer. (A segregated portfolio may not acquire an ETF if, after purchase, the segregated portfolio would control more than 10% of the voting securities of the issuer).

The segregated portfolios use a number of methods to measure and manage the various financial risks to which it is exposed.

(i) *Price risk*

The segregated portfolios invest in ETFs which are listed instruments that seek to track the investment results of specific indices. ETFs are susceptible to market price risk due to uncertainties about the future values of their underlying assets.

Uncertainty of the future value arises from the performance of the underlying securities and, where the ETFs are denominated in other currencies, in the possibility that there would be adverse movements in the exchange rates used to translate the prices of securities denominated in foreign currencies.

The segregated portfolios' policy is to manage price risk through diversification of the portfolio, careful selection of securities, the use of a tactical momentum methodology and restrictions on the proportion of a segregated portfolio's assets that may be invested in any one ETF.

The momentum strategy used is a simple 200 day moving average. If the moving average calculation of an ETF in the portfolio is above its 200 day moving average at the close of the last trading day of the month, then the asset remains invested. If not, it is liquidated and the proceeds are held in cash.

3 Financial risks (continued)

a. *Financial risk factors (continued)*

(i) *Price risk (continued)*

Price risk sensitivity analysis

The sensitivity of the segregated portfolios' investments to movements in equity and natural resources ETF prices at 31 December 2024 and December 2023 were computed by reference to the S&P 500, and the sensitivity of the fixed income ETFs were computed using the modified duration (which shows how the security will move for every 1% (or 100 basis points) movement in interest rates). This information is used by the Investment Manager for sensitivity analysis of the price risk of the portfolio. The price risk is computed on the assumption that the segregated portfolios remained constant for the twelve months ended 31 December 2024 and 31 December 2023.

The segregated portfolios at 31 December 2024 and 2023 had betas as shown in the Table below.

	UTC Global Investor Select ETF Fund Segregated Portfolio		
	Conservative	Moderate	Aggressive
Beta 31 December 2024	0.85	0.86	0.86
Beta 31 December 2023	0.99	0.99	0.99

A beta of 0.10 suggests that, had the S&P 500 changed by +/- 1% all other things remaining equal, the value of the portfolio would have changed by +/- 0.10%.

The average annualised volatility of the equity and natural resources ETFs using S&P 500 for the previous five years to 31 December 2024 was 13% (2023: 12%) as shown in the table below in dollar terms.

	UTC Global Investor Select ETF Fund Segregated Portfolio		
	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
13% change in the equity and natural resources ETFs using S&P 500 as at 31 December 2024	67	108	113
12% change in the equity and natural resources ETFs using S&P 500 as at 31 December 2023	68	121	111

Price risk sensitivity analysis (continued)

The impact of a change in interest rates of 1% or 100 basis points using modified duration at 31 December 2024 is provided in the table below in dollar terms.

	UTC Global Investor Select ETF Fund Segregated Portfolio		
	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
1% change in fixed income ETFs using modified duration as at 31 December 2024	25	27	11
1% change in fixed income ETFs using modified duration as at 31 December 2023	18	21	7

(ii) *Liquidity risk*

Liquidity risk is the risk that the segregated portfolios may not be able to generate sufficient cash resources to settle their obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The requirement to redeem participating shares on a daily basis can be a source of liquidity risk.

The Investment Advisor monitors the segregated portfolios' liquidity position on a daily basis. The tables below analyse the segregated portfolios' financial liabilities into relevant maturity groups based on the remaining period at the statement of financial position date. The amounts in the tables below are the contractual undiscounted cash flows.

At 31 December 2024	UTC Global Investor Select ETF Fund Segregated Portfolios					
	Conservative		Moderate		Aggressive	
	More than one year \$'000	Within one year \$'000	More than one year \$'000	Within one year \$'000	More than one year \$'000	Within one year \$'000

3 Financial risk (continued)

a. Financial risk factors (continued)

(iii) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The segregated portfolios do not hold bond investments and therefore have limited direct exposure to credit risk. The segregated portfolios' exposure to credit risk arise primarily through their custody, clearing and depository operations and their custody cash balances.

The maximum credit exposure of each segregated portfolio is provided in the table below.

	UTC Global Investor Select ETF Fund Segregated Portfolios-		
As at 31 December 2024	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
Dividend receivable	1	1	1
Cash and cash equivalents	35	101	28
Total	36	102	29

	UTC Global Investor Select ETF Fund Segregated Portfolios-		
As at 31 December 2023	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
Dividend receivable	1	1	1
Cash and cash equivalents	79	75	72
Total	80	76	73

All other receivable amounts due from brokers, cash and short-term deposits are held by parties with a credit rating of AA/Aa or higher.

3 Financial risk (continued)

a. *Financial risk factors (continued)*

(iii) *Credit risk (continued)*

The segregated portfolios limit their credit exposure by establishing custody and banking relationships with counterparties with investment grade credit ratings. In addition, the segregated portfolios mitigate the risk of credit loss by trading in ETFs issued and managed by reputable establishments. The Managers of the ETFs held by the segregated portfolios are shown in the table below.

As at 31 December 2024	UTC Global Investor Select ETF Fund Segregated Portfolios-		
	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
Black Rock	548	640	433

Total	947	1,479	1,114

There were no changes in the policies and procedures for managing credit risk compared with prior year.

b. *Capital risk management.*

The capital of the Company is represented principally by the segregated portfolios' assets. The value of the assets can change significantly in the event of significant market volatility which directly impacts the segregated portfolios' performance.

The segregated portfolios' objective when managing capital is to safeguard their ability to continue as going concerns and maintain a strong capital base to support the development of their investment activities.

Notes to the Financial Statements (continued)

31 December 2024

(Expressed in United States dollars)

3 Financial risk (continued)

b. Capital risk management (continued)

The Board of Directors and Investment Advisor monitor capital on the basis of the value of the assets of the segregated portfolios. There were no changes in the policies and procedures for risk management compared with prior year.

c. Fair value estimation

The segregated portfolios' assets comprised either ETFs which are publicly traded on the New York Stock Exchange or cash and cash equivalents held with their custodian.

The fair value of the ETFs was estimated based on the last traded price on 31 December 2024 and 2023 and were categorised as Level 1 valuations (see Note 2 e. (iii)).

The carrying value of the segregated portfolios' other assets and liabilities approximate their fair values.

4 Financial assets at fair value through profit or loss

These investments consist of holdings in various ETFs that are publicly traded.

5 Share capital

One hundred (100) management shares, with a nominal value of US\$1 each, were allotted, issued and fully paid up at par. They are held by the Trinidad and Tobago Unit Trust Corporation. The participating shares issued by the segregated portfolios in 2024 and 2023 are provided in the table below.

	UTC Global Investor Select ETF Fund

7 Related party transactions (continued)

- a. The Corporation is entitled to a fee for management and administrative services based on each segregated portfolio's net asset value. A Management fee was charged by the Investment Manager from November 2018 at a rate of 1% per annum of the net asset value of the segregated portfolio. Management fees are as follows:

	UTC Global Investor Select ETF Fund Segregated Portfolios-		
	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
As at 31 December 2024	10	15	12
As at 31 December 2023	10	15	12

- b. As Administrator, in the normal course of business, the Corporation collects subscriptions from the public on behalf of the segregated portfolios. At the reporting date, there were no subscription proceeds collected by the Corporation from the public and awaiting transmission to the segregated portfolios (2023: nil).
- c. The directors of the Company are also related parties.
- d. The Corporation also has investments in the segregated portfolios as at 31 December 2024. The holdings are listed in the table below:

	UTC Global Investor Select ETF Fund Segregated Portfolios-		
	Conservative US\$'000	Moderate US\$'000	Aggressive US\$'000
As at 31 December 2024	841	907	902
